About Me

As a dedicated IT student, I am fueled by a passion for exploring the realms of technology. Eager to delve into the dynamic world of technology, I thrive on challenges that push my boundaries. With a relentless commitment to learning and a proactive approach to innovation, I am excited about contributing my skills to collaborative projects.

Projects

Travel Agency Website

A Travel Agency Website "Travelista", displaying destinations, features, testimonials with engaging design and micro animations, made using HTML, CSS, JavaScript and different JavaScript Libraries.

Link: [Travelista](#)

Drum-Kit

An Interactive Drum-Kit which plays drum sounds on keypress and button press on the screen, made using HTML, CSS and JavaScript.

Link: [Drum Kit](#)

Portfolio Website

Bento Inspired Grid Portfolio Website showcasing my skills and projects. The Website is made using HTML, CSS, JavaScript Libraries and Spline3D.
